

Letter of intent

Dear Bending SpoonsTeam,

My name is Eduard Epurică, I am a year 3 student at the Faculty of Electronics, Telecommunications and Information Technology and I am writing to express my interest in the junior software engineer position posted on linkedin platform. I have taken an interest in your offer because I was impressed by your companie's ambition for innovation in mobile application development

In my academic experience I have excelled in programming related subjects such as Data Structures and Algorithms, Signals and Programming and Object-Oriented Programming. I am motivated to learn more about this field and prove myself in a professional environment such as that offered by your company. I've attached my resume and my academic results so that you can review my education and experience. I am eager to hear your response. Thank you very much for your time and consideration.

Respectfully,
Panait Stefan-Andrei
